1. The puppy described above is sold in good faith and is to my belief in good health.
2. It is in your own interest to have the puppy checked by your vet as soon as possible after purchase.
3. If the vet finds a problem that necessitates return of the puppy, then a full refund of the purchase price will be made, providing the puppy is returned **within 7 days** of purchase with a letter from the vet describing the condition and confirming that it would have been present at the time of purchase.
4. If a deposit is left on a puppy and I am unable to supply the puppy for any reason, then a full refund of the deposit will be made.

**Deposits are not refundable for any other reason.**

5. All registration documents are endorsed, 'progeny not eligible for registration'. And not eligible for an export pedigree. These endorsements can be removed from the registration by the breeder **upon receipt of a copy** of an acceptable hip score an adult eye test, and DNA test results where applicable, if the breeder considers the puppy to be of sufficient quality to be bred on from. **IF YOU THINK YOU MAY WISH TO BREED FROM YOUR PUPPY IN THE FUTURE, OR TAKE IT ABROAD, PLEASE DISCUSS THIS WITH ME AT TIME OF PURCHASE.** If you are not sure of the DNA status of your dog/bitch please contact me **prior** to breeding to find which tests are necessary. New tests are becoming available all the time and it will be necessary to know the status for your dog/bitch in relation to all available tests. **Please note I am not obliged to remove these endorsements if I do not consider the dog suitable to breed on from.**

*I will gladly help with any problems you may have with the dog/bitch at any time in its life. Should you need to re-home the dog/bitch I will take it back, but unfortunately **no** money is refundable at any time, except in the circumstances described in 3 above. My dogs are my hobby; I am not in the business of breeding and selling dogs purely for profit. I am pleased to hear about the progress of any of my dogs at any time.*
